

INDEX TO VOLUME 138

A

- Aberrant or Heterotopic Parotid Gland Tissue in Lymph Nodes, The Significance of, 850.
 Acute Pneumocholycystitis, 268.
 Adenocarcinoma in Association with a Thyroglossal Duct, 805.
 Adrenocortical Tumor, Urinary Steroids in, 765.
 Adenomas of the Colon and Rectum, 92.
 Amputations, Frostbite Resulting in, 65.
 Amputation, Traumatic, of Gall Bladder Without a Wound of the Abdominal Wall, 915.
 Anesthetic Agents and Carbon Dioxide During Surgery, Electroencephalogram in Evaluation of Effects of, 558.
 Aneurysms, Experimental, 216.
 Angiofibroma of the Nasopharynx, Surgical Management of, 672.
 Aortic Aneurysms, Excision of, 377.
 Arteriosclerosis, Surgery of, 387.
 Arteriosclerotic Peripheral Vascular Disease, Lumbar Sympathectomy for, 759.
 Artery, Anomalous, Bronchial Cyst Associated with, 892.
 Ascaris Origin, Pancreatic Pseudocyst of, 801.
 Atrial Septal Defects, Surgical Repair of, 405.
 Auricular, Left, Pressure Measurements in Man, 718.
 Announcement: Death of Dr. Samuel C. Harvey, 679.
 Announcement: Establishment of "Transplantation Bulletin," 386.
 Announcement: Second International Congress of Cardiology, 569.

B

- Benign Neurogenic Tumors of the Chest Wall, 104.
 Benign Non-tuberculous Strictures of Trachea, 99.
 "Biological Dressings" for Extensive Burns and Denuded Areas, Postmortem Homografts as, 618.
 Bile Duct, II. Physiologic Studies in Cases of Stricture of, 609.
 Bleeding, Massive, From the Gastro-Intestinal Tract, 823.
 Brain Abscess, 521.
 Blood Flow, Patent Ductus Arteriosus With Reversal of, 870.
 Blood Vessels, Surgery of, 345.
 BOOK REVIEW: Doctors in Blue, 487; Local Analgesia: Abdominal Surgery, 891; 1953 Medical Progress, 678; On Burns, 678; Operative Neurosurgery, 678; Trichloroethylene Anesthesia, 891.
 Breast, Cancer of, Antecedent Factors in, 39.
 Burns and Denuded Areas, Postmortem Homografts as "Biological Dressings" for, 618.
 Burns of Esophagus, Caustic and Surgical Management of, 453.

C

- Caloric and Potassium Intake, The Influence of, on Nitrogen Retention in Man, 842.
 Cancer of the Breast, Antecedent Factors in, 39.
 Cancer of the Lung, 489.
 Capsular Operation for Parkinsonism, 502.
 Carbon Dioxide During Surgery, Anesthetic Agents and, Electroencephalogram in Evaluation of Effects of, 558.
 Carcinoma of the Esophagus and Cardia, Treatment by Resection and Postoperative Supravoltage Roentgen Rays, 631.
 Carcinoma of the Parathyroid Glands: Patients With Hyperparathyroidism, 661.
 Carcinoma of the Sigmoid Presenting as Emphysematous Cellulitis of the Leg, 919.
 Carcinoma of the Thyroid, Relation of Age of Patient to, 33.
 Cardiac Surgery, The Occurrence of Subcutaneous Fat Necrosis in an Infant Following Induced Hypothermia Used as an Adjuvant in, 880.
 Cardiodynamics of Experimental Pulmonary Stenosis, 209.
 Cardiovascular Surgery, Adjustable Spring Clamp (Serrefine) for, 285.
 Caustic Burns of Esophagus and Their Surgical Management, 453.
 Celiac Ganglionectomy in Prevention of Peptic Ulcer, 241.
 Celiac Ganglionectomy, Thoracic and Lumbar; Sympathectomy and Splanchnicectomy for Hypertension, 532.
 Cerebral Trauma, Blood Diastase Activity in, 857.
 Chest Wall Benign Neurogenic Tumors of, 104.
 Circulation, Cessation of, in General Hypothermia, 361.
 Cirrhosis, Correlations Between Portal Venous Pressure and Size of Esophageal Varices in, 741.
 Collagenase, Secretion of, by Maggots and Its Implication, 932.
 Colon, Resection of, for Diverticulitis of the Sigmoid, 332.

- Colon and Rectum, Adenomas of, 92.
 Common Duct Exploration and Drainage for Obstructive Neonatal Jaundice, 111.
 Cyst, Infected Bronchogenic, in an Elderly Patient, 132.
 Cyst, Bronchial Associated With Anomalous Artery, 892.

D

- Dequervain's Disease, 832.
 Diverticulitis of the Sigmoid, Resection of the Colon for, 332.
 Ductal Tissue, Effect on Liver and, Solutions for Fragmentation and Dissolution of Gallstones, 570.

E

- Ectopia of Primary Thymic Tumors, 922.
 Electroencephalogram in Evaluation of Effects of Anesthetic Agents and Carbon Dioxide During Surgery, 558.
 Electrolyte Patterns in Gastro-Intestinal Secretions, 846.
 Emphysematous Cellulitis of the Leg, Carcinoma of the Sigmoid Presenting as, 919.
 Esophagus, Burns of, Surgical Management of, 453.
 Esophagus, Carcinoma of Treatment by Resection and Postoperative Supravoltage Roentgen Rays, 631.
 Esophagus, Palliative Resection of, With Use of a Plastic Tube, 791.

F

- Fibromyxoma, Primary, of the Internal Jugular Vein, 925.
 Fibrosarcoma, Ossifying of Thigh Muscle, 795.
 Fistula, Pulmonary Arteriovenous, Occurring in Siblings, 886.
 Fluorine Intoxication in Fractures in Rats, 463.
 Foreign Bodies, Mediastinal, Their Treatment, 51.
 Fractures in Rats, Fluorine Intoxication in, 463.
 Frostbite Resulting in Amputations, 65.

G

- Gall Bladder, Traumatic Amputation of, Without a Wound of the Abdominal Wall, 915.
 Gallstones, Solutions for Fragmentation and Dissolution of, Their Effect on Liver and Ductal Tissue, 570.
 Gastrectomy by the Transthoracic Approach, 297.
 Gastrectomy for Peptic Ulcer, 680.
 Gastrectomy for Perforated Peptic Ulcers, 321.
 Gastric Carcinoma, Prognosis in Surgical Treatment of, 311.
 Gastric Malignancy, Surgical Treatment of, 1.
 Gastroenterostomy, Complications of Internal Hernial Ring Left Unclosed in, 772.
 Gastro-Ileostomy, 911.
 Gastro-Intestinal Secretions, Electrolyte Patterns in, 846.
 Gastro-Intestinal Tract, Massive Bleeding from the, 823.
 Grafts, Experimental Vascular. I. Effects of Dicytyl Phosphate on Venous Autografts Implanted in the Thoracic Aorta of Growing Pigs, 73.

H

- Hand, Free Grafts to, Method to Prevent Finger-Web Contracture, 769.
 Head Injury, Shock in, 698.
 Hematomas, Extradural, of the Posterior Fossa, 509.
 Hemobilia Massive, Following Traumatic Rupture of the Liver, 899.
 Hemolysis, Studies in, A Potary Transfusion Pump, 928.
 Hepatic Lobectomy, Total Right, 253.
 Hepatic Radioactivity Survey, Clinical Evaluation of the, 857.
 Hernia, Intersigmoid, 917.
 Hernias, Intra-abdominal, Due to Developmental and Rotational Anomalies, 82.
 Hernia, Strangulated Hiatus, 262.
 Homografts, Postmortem, as "Biological Dressings" for Extensive Burns and Denuded Areas, 618.
 Homologous Serum Jaundice and Pooled Plasma, 476.
 Hypertonic Glucose, Intravenous Administration of, 203.
 Hypophysectomy, Transbuccal, in the Dog, 143.
 Hypotension, Vascular Dynamics in Controlled, 706.
 Hypothermia, General, Cessation of Circulation in, 361.

I

- Idiopathic Segmental Hemorrhagic Infarction of the Omentum 279.
 Intersigmoid Hernia—Case Report, 917.
 Injury, Neuro-endocrine Response to, 548.

Internal Hernial Ring Left Unclosed in Gastroenterostomy, Complications of, 772.
Intra-abdominal Hernias Due to Developmental and Rotational Anomalies, 82.
Intracardiac Air, Mechanism of Death from, 351.
Intravenous Administration of Hypertonic Glucose, 203.

J

Jugular Vein, Primary Fibromyxoma of the, 925.

K

Kidney Tumors, Spontaneous Rupture of, 275.

L

Laparotomy, Liver Nodule Encountered at, 231.
Lipoma, Retroperitoneal, 779.
Lipomatosis of the Stomach, 784.
Liver and Ductal Tissue, Effect on, Solutions for Fragmentation and Dissolution of Gallstones, 570.
Liver Damage, Acute, Potassium Movement in, 593.
Liver Function During Intravenous Infusion of Emulsified Fat to Humans 734.
Liver Nodules Encountered at Laparotomy, 231.
Liver Regeneration Following Portacaval Transposition in Dogs, 600.
Lobectomy, Total Right Hepatic, 253.
Lumbar Sympathectomy for Arteriosclerotic Peripheral Vascular Disease, 759.
Lung, Cancer of, 489.
Lung, Lymphosarcoma of, 140.
Lymph Nodes, The Significance of Aberrant or Heterotopic Parotid Gland Tissue in, 850.
Lymphosarcoma of the Lung, 140.

M

Maggots, The Secretion of Collagenase by, and Its Implication, 932.
Malignant Disease of the Stomach in Young Adults, 7.
Malignant Melanoma, 643.
Massive Hemotoma Following Traumatic Rupture of the Liver, 899.
Meckel's Diverticulum, Peptic Perforation of, 127.
Mediastinal Foreign Bodies; Their Treatment, 51.
Melanoma, Malignant, 643.
Metabolic Alterations Induced by Intra-abdominal Operations, 186.
Mitral Stenosis, Surgical Treatment of, 219.
Mobile Neurosurgical Team, 178.

N

Nasopharynx, Angiofibroma of, Surgical Management of, 672.
Neonatal Jaundice, Common Duct Exploration and Drainage for Obstructive, 111.
Neuro-endocrine Response to Injury, 548.
Nitrogen Retention in Man, the Influence of Caloric and Potassium Intake on, 832.

O

Operability in the Young and Aged, 145.

P

Palliative Resection of Esophagus with Use of a Plastic Tube, 791.
Pancreatic Heterotopia, 124.
Pancreatic Cysts, Surgical Treatment of, 13.
Pancreatic Pseudocyst of Ascaris Origin, 801.
Pancreatitis, External Sphincterotomy for, 24.
Pancreatostomy for Chronic Pancreatitis with Calculi in the Duct of Wirsung and Diffuse Calcinoses of the Pancreatic Parenchyma; Letter to the Editor, 287.
Panic in Disaster, Editorial, 935.
Parathyroid Glands, Carcinoma of: Patients With Hyperparathyroidism, 661.
Parkinsonism, Capsular Operation for, 502.
Patent Ductus Arteriosus With Reversal of Blood Flow, 870.
Peptic Perforation of Meckel's Diverticulum, 127.
Peptic Ulcers, Gastrectomy for, 321.
Peptic Ulcer, Celiac Ganglionectomy in Prevention of, 241.
Peptic Ulcer: Results after Partial Gastrectomy, 680.
Phenylindandione, Therapeutic Evaluation of, 467.
Phlebography, Lower Limb, Technic and Interpretation of, 726.
Physiologic Studies, (II.), in Cases of Stricture of the Common Bile Duct, 609.
Plasma, Pooled, Homologous Serum Jaundice and, 476.

Plasma Prothrombin, Effect of Oral Sulfathalidine on, 745.
Popliteal Artery Surgery of, 712.
Portacaval Transposition in Dogs, Liver Regeneration Following, 600.
Postoperative Supervoltage Roentgen Rays, Treatment of Carcinoma of Esophagus and Cardia by, 631.
Potassium Movement in Acute Liver Damage, 593.
Primary Fibromyxoma of the Internal Jugular Vein, 925.
Prognosis in Surgical Treatment of Gastric Carcinoma, 311.
Pulmonary Stenosis, Cardiodynamics of Experimental, 209.
Pump, Rotary Transfusion, Studies on Hemolysis, 928.

R

Rectum, Adenomas of the Colon and, 92.
Retroperitoneal Lipoma, 779.
Report to American Surgical Association of the Committee on Graduate Surgical Education, 937.
Resection, Treatment of Carcinoma of Esophagus and Cardia by, 631.
Rotary Transfusion Pump—Studies on Hemolysis, 928.
Rupture of the Liver, Massive Hemobilia Following Traumatic, 904.

S

Sacrum, Resection of, for Benign Giant Cell Tumor, 115.
Secretion of Collagenase by Maggots and Its Implication, 932.
Shock in Head Injury, 698.
Skin Homografts, Effects of, on Growth Factors of Surrounding Host Epithelium, 867.
Sphincterotomy, External, for Pancreatitis, 24.
Splanchnicectomy Thoracic and Lumbar; Sympathectomy and Celiac Ganglionectomy for Hypertension, 532.
Splenoprotography, 582.
Staphylococcal Enteritis in Surgical Patients, Fatal Membranous, 249.
Stomach, Lipomatosis of the, 784.
Stomach, Malignant Disease of, in Young Adults, 7.
Strangulation Obstruction—Effect of Antibacterial Agents, 748.
Subcutaneous Fat Necrosis, Occurrence of, in Infant Following Induced Hypothermia, 880.
Sulfathalidine, Effect of Oral, on Plasma Prothrombin, 745.
Surgery of Arteriosclerosis, 387.
Surgery of Blood Vessels, 345.
Surgery of the Popliteal Artery, 712.
Surgical Biology, Growth of, 807.
Surgical Management of Burns of the Esophagus, 453.
Surgical Patients, Metabolic Alterations in, 435.
Surgical Repair of Atrial Septal Defects, 405.
Surgical Treatment of Mitral Stenosis, 219.
Surgical Treatment of Pancreatic Cysts, 13.
Sympathectomy, Thoracic and Lumbar; Splanchnicectomy and Celiac Ganglionectomy for Hypertension, 532.

T

Therapeutic Evaluation of New Anticoagulant, Phenylindandione, 467.
Thromboendarterectomy, Thrombosis of Abdominal Aorta Treated by, 259.
Thrombosis of Abdominal Aorta Treated by Thromboendarterectomy, 259.
Thyroglossal Duct, Adenocarcinoma in Association with, 805.
Thyroid, Carcinoma of the, Relation of Age of Patient to, 33.
Tibiae, Congenital External Torsion of the, 121.
Trachea, Benign Non-tuberculous Strictures of, 99.
Transbuccal Hypophysectomy in the Dog, 143.
Transthoracic Approach, Gastrectomy by, 297.
Traumatic Amputation of Gall Bladder Without a Wound of the Abdominal Wall, 915.
Trends of Surgery in the Last Decade, 289.
Tumors, Ectopia of Primary Thymic, 922.
Tumors of the Chest Wall, Benign Neurogenic, 104.

U

Ulceration of the Lower Extremity, Post-Thrombotic, 415.
Ulcer, Perforated Peptic, 689.
Urinary Steroids in Adrenocortical Tumor 765.

Vascular Dynamics in Controlled Hypotension 706.
Vascular Injuries in the Korean War, 158.
Venous Pressure and Size of Esophageal Varices in Portal Cirrhosis, Correlations Between, 741.
